Introduction

The Central Yavapai Metropolitan Planning Organization (CYMPO) is responsible for transportation planning within the regional area of over 400 square miles. Encompassing this area are the City of Prescott, the towns of Prescott Valley, Chino Valley and Dewey-Humboldt, as well as unincorporated portions of Yavapai County within CYMPO's boundary.

CYMPO's LEP/Language Access Plan complies with Title VI of the Civil Rights Act of 1964 and Executive Order 13166 which prohibit recipients of Federal financial assistance from discrimination based on national origin.

What is Limited English Proficiency?

Limited English Proficiency (LEP) is a term used to describe individuals who are not proficient in the English language. Limited English Proficient (LEP) individuals are those whose primary language spoken at home is other than English and have a limited ability to read, write, speak or understand English.

Arizona's diverse population makes it critically important that CYMPO be innovative and proactive in engaging individuals from different cultures, backgrounds and businesses in planning, project development and other program areas.

Laws and Policy

Executive Order (EO) 13166 - *Improving Access to Services for Persons with Limited English Proficiency* implements the protections afforded by Title VI of the Civil Rights Act of 1964 and related regulations. Accordingly, it prohibits recipients of Federal financial assistance from discriminating based on national origin by failing to provide meaningful access to services to individuals who are LEP. This protection provides LEP persons an equal opportunity to benefit from or have access to services normally provided in English.

Authorities

The following matrix illustrates legal and policy considerations that require CYMPO to provide LEP persons with meaningful access to programs, activities, and services.

Program Responsibility

EO 13166 directs recipients of Federal financial assistance to take reasonable steps to provide LEP individuals with meaningful access to their programs, activities and services.

1. Notify LEP customers of the availability of language assistance services

LEP persons have the right to language assistance at no cost to them in their spoken language. Language self-identification forms or posting meeting notifications in public areas are methods used to provide notice of the service.

2. Translation of vital documents in languages other than English

It is appropriate to have written materials translated into languages regularly encountered. The translation of vital documents into languages other than English is particularly important where a significant number or percentage of the customers served and/or eligible for service have limited English proficiency. Written materials include electronic documents and web sites. CYMPO provides notification on its web site and newspaper publications of translation availability.

Vital documents convey information that critically affects the ability of the recipient/customer to make decisions about his/or her participation in the program or activity. Examples of vital documents include, but are not limited to: applications, public notices, consent forms, letters containing important information regarding participation in a program, eligibility rules, notices pertaining to the reduction, denial or termination of services or benefits, right to appeal, notices advising of the

availability of language assistance and outreach and community education materials.

Translating documents for LEP to a fourth (4th) grade literacy level ensures the targeted audience understands the information. Community based organizations or focus groups can assist with testing translations for language and literacy level appropriateness.

The Department of Transportation Policy Guidelines give recipients of federal funds substantial flexibility in determining what language assistance is appropriate based upon a local assessment. Current financial constraints prohibit the translation of large plans, documents and maps at this time. CYMPO will provide translation services, if requested within reasonable notice of when the services are needed.

Four Factor Analysis

1) LEP Persons Served or Encountered in Service Area

According to the 2010 Census, 3.1% of the CYMPO population are Limited English Proficient.

2) Frequency of Encounters with LEP Individuals

No requests for translation services have occurred since CYMPO's inception in 2003.

3) Level of Importance to LEP Persons of CYMPO Program Areas

All persons living, working, conducting business and visiting the region are beneficiaries of the planning, coordination, and construction activities of CYMPO. Therefore, CYMPO considers the participation of LEP persons in its program areas highly important.

4) Resources Available to LEP Persons

CYMPO will provide translation services, if requested with advance notice.

CONCLUSION

CYMPO understands that language needs will change as the Yavapai County population changes. Further, CYMPO will comply with the requirement to assess its programs and services each year to determine compliance with various nondiscrimination regulations. For questions or concerns regarding CYMPO's commitment to nondiscrimination, or to request additional information about LEP services, contact Christopher Bridges, CYMPO Administrator, at Christopher.Bridges@yavapai.us or 928-442-5730.
